Baking Fun at Earlybeck!

We spent two joyful hours at Earlybeck in Sannen, turning sticky dough into golden braided breads (Zopf) and cute little animals. Laughter, flour, and delicious smells were everywhere baking has never been this much delightful!

Crafting Magic!

Then, we swapped aprons for paintbrushes and got crafty. Our group got creative in Theres's super-stacked studio in Sannen, filled with materials to suit every taste. Laughter, imagination, and a splash of color were everywhere and everyone left with something uniquely theirs!

An Unforgettable Cheese Adventure!

We visited an incredible cheese cave, learned all about how Swiss cheese is made, and of course, got to taste it. Curious bites and a hint of stink made it a truly memorable experience thanks to Claudia!

Sending a burst of gratitude to our fantastic local supporters: *Eric, Theres and Claudia*
